

Playgrounds

LET'S GO PLAY!

CUSTOMIZED DESIGN & PERSONALIZED PLAY

During childhood, having time to play is about more than having fun - it's about exploring the world, stretching growing muscles and using the imagination in new ways. Children need unstructured play in order to grow and develop into happy, healthy, well-adjusted people. That's why, at Superior Playgrounds, we offer customized, personalized commercial playground equipment that gives kids safe, high-quality and fun environments in which to play.

LADDER

OVERHEAD EVENTS

. 90° TRI-RUNG . Overhead Ladder

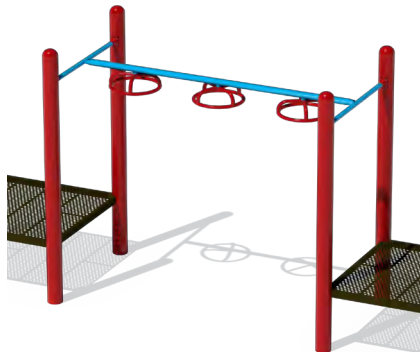

A Tri-Rung allows children to build upper body strength while ensuring children play on the overhead ladder properly and safely.

10' TRACK RIDE

Aluminum housing protects track mechanism, giving you years of track riding fun. Heavy duty handle with one-of-a-kind self-braking system that keeps the handle from being thrown end-to-end.

THREE WHEEL SWINGER

RAPID ROCKER

This event provides an advanced upper body workout. A challenging piece that promotes coordination, dexterity and fun. For 5" posts only.

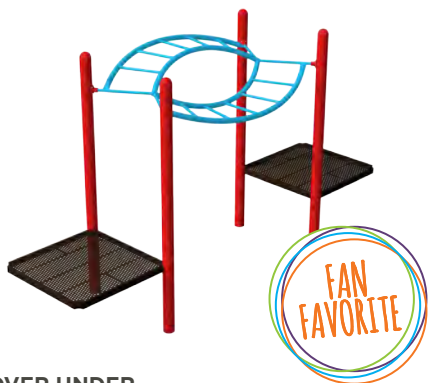

UNDER ARCH BRIDGE TRI-RUNG

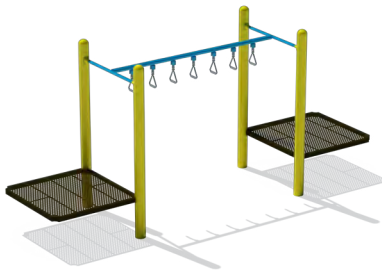

SINGLE WHEEL SWINGER

This overhead wheel spins for a fun motion event. For 5" posts only.

OVER UNDER

Build upper body strength with the Over Under! This provides children with a fun and safe challenge.

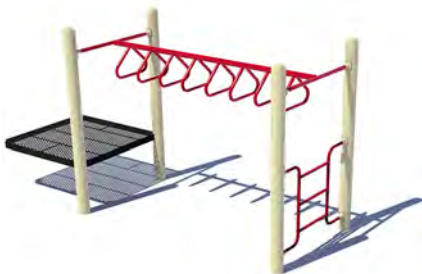

TRAPEZE RING OVERHEAD LADDER

These sturdy polished aluminum trapeze rings attach to the frame with clevis fasteners for safety.

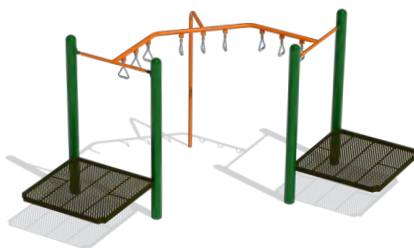

LOOP RUNG OVERHEAD LADDER

Each looped rung requires hand-over-hand reaching.

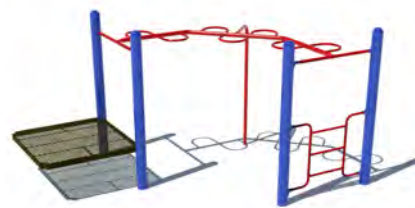

STRAIGHT TRI-RUNG OVERHEAD LADDER

A fun twist to a classic!

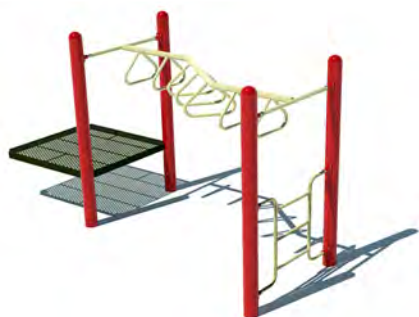

90° TRAPEZE RING OVERHEAD LADDER

These sturdy polished aluminum trapeze rings attach to the frame with clevis fasteners for safety.

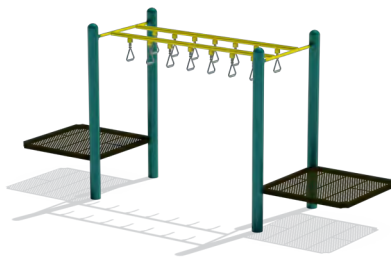

90° LOOP RUNG OVERHEAD LADDER

A new challenge for overhead fun!

ZIG-ZAG TRI-RUNG OVERHEAD LADDER

For ages 2 to 12. The big handles make gripping easy and the angled ladder makes this an exciting deck-to-deck overhead ladder.

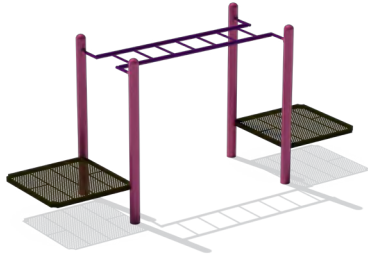

DOUBLE TRAPEZE RING OVERHEAD LADDER

Double the fun!

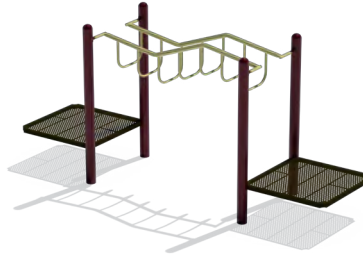

270° LOOP RUNG OVERHEAD LADDER

Metal hoops welded to a 270° circle make this single deck launch play event a great addition to a playground. For 5" posts only.

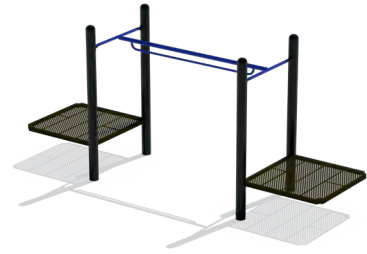

STRAIGHT RUNG OVERHEAD LADDER

The classic Straight Rung Overhead Ladder makes a great addition to a play environment.

WAVY DEEP RUNG OVERHEAD LADDER

Large hand hold areas and asymmetrical heights help develop hand-eye coordination and upper-body strength.

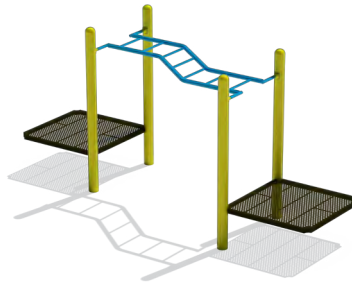

SINGLE PARALLEL BAR OVERHEAD LADDER

The classic hand-over-hand bar. While appropriate for all ages, this is a great first step play event!

ARCHED STRAIGHT RUNG

With its incline and decline, this horizontal ladder adds a new fun look to your playground.

ZIG-ZAG STRAIGHT RUNG

A new 'zing' to overhead climbing!

DOUBLE PARALLEL BAR

A great variation on the single parallel bar. This event is even more of a challenge and great fun!

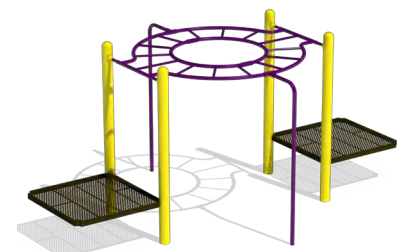

WAVY STRAIGHT RUNG

This horizontal ladder provides great play-on-power! This is the horizontal ladder no playground should be without.

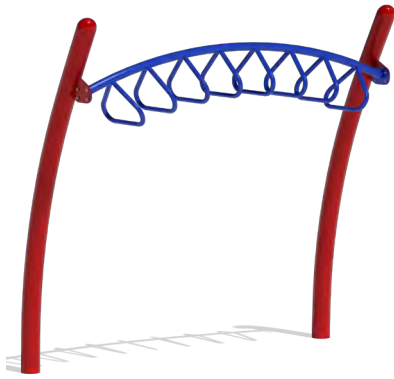

OFFSET STRAIGHT RUNG

This is your fun connection for offset decks! Twists and turns make this ladder even more challenging.

360° ORBITAL

Fun comes full circle with this straight rung ladder. A great challenge for every child who wants to make it all the way around.

ARCHED TRI-RUNG LADDER

A twist to the typical Tri-Rung overhead ladder, this active component can be added to any playground to boost play value.

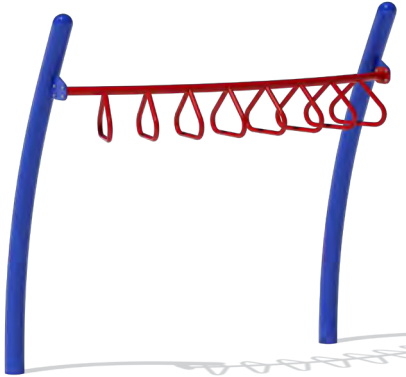

INVERTED ARCHD TRAPEZE LADDER

Provides children with a fun and safe physical challenge.

ARCHD TRAPEZE LADDER

Enhance your playground with the Archd Trapeze Ladder.

CURVED TRI-RUNG LADDER

Expand existing playgrounds or enhance new projects with this sleek and modern component.

C-LINE TO 36" ACTIVE TRANSITION

Add one more activity to your playground with this component!

CURVED TRAPEZE LADDER

A classic active component, sure to be fun to all children.

INVERTED ARCHD TRI-RUNG LADDER

A fun new alternative to a standard Tri-Rung overhead ladder.

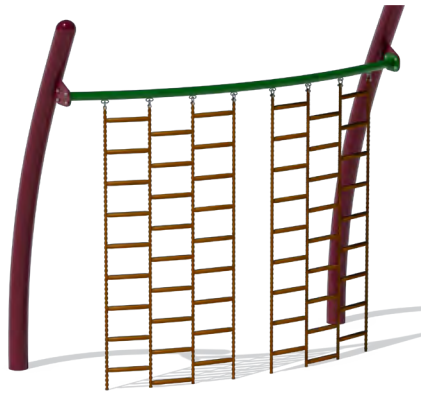

ACTIVE TRANSITION CONNECTION

Connects structures and components to standard posts.

CURVED CORNER WITH TRAPEZE RINGS

This item can connect other active components.

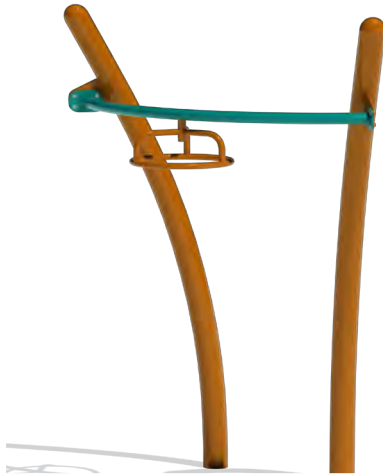

CURVED CLIMBING WALL

Add to the challenge and fun levels of your next playground project!

STRAIGHT CLIMBING WALL

A classic component with a funky new look!

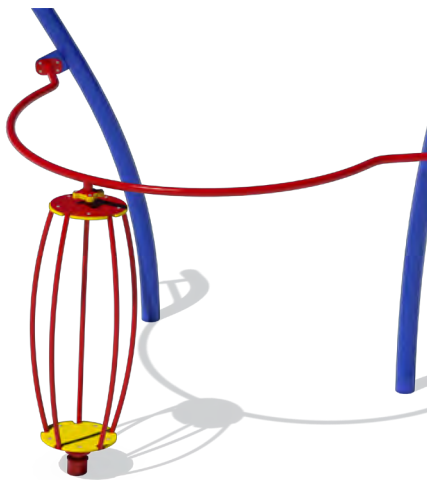

CURVED WHEEL SWINGER

A great addition to any playground.

WIGGLE WALK

A challenging and fun workout for children.

SYCLONE SPINNER

Encourage social play with this Cyclone Spinner!

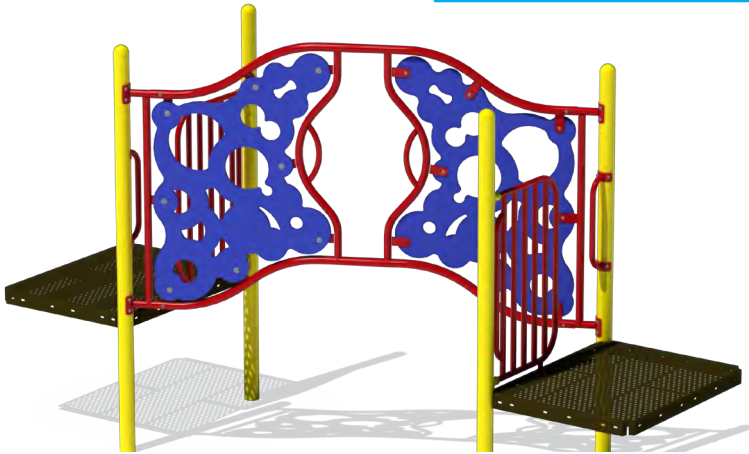

RAIL SLIDE

A fun alternative to a plastic slide that will thrill children!

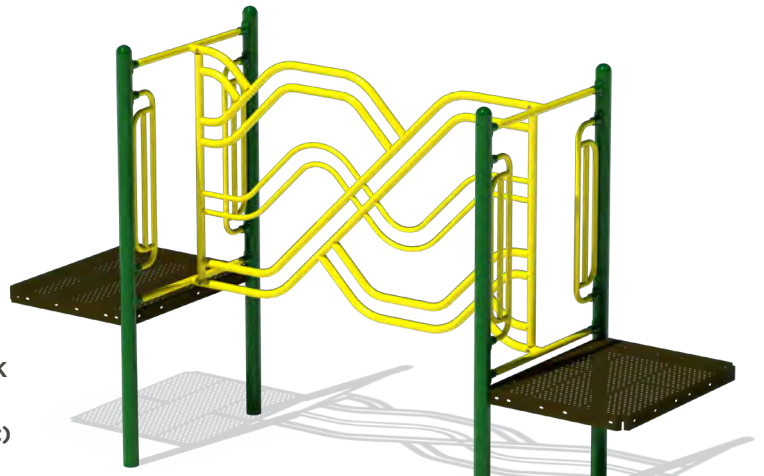

CONNECTORS & BRIDGES

. LINK CONNECTORS .
3 Configurations!

Each design is available in three configurations:
 diagonal, straight and inclined.

BUBBLE LINK CONNECTOR
 (shown as diagonal)

RACE TRACK LINK CONNECTOR
 (shown as straight)

WAVE LINK CONNECTOR
 (shown as inclined)

ARCH BRIDGE

Constructed of 12 gauge hot-rolled punched steel. Side rails are constructed of durable polyethylene. Galvanized steel handrails with a powder-coat finish. Use between two decks of equal height. Deck heights: 12" - 96".

90° BRIDGE

Constructed from 12 gauge hot-rolled punched steel. Galvanized steel guard rails with a powder-coated finish. Use between decks of equal height. Compatible with 48" and 36" grids. Deck heights: 12" - 96".

PIPE BRIDGE

Constructed with durable gates and galvanized steel rails with a powder-coat finished. Use between two decks of equal height. For 5" posts only. Deck heights: 24" - 96".

CHAIN BRIDGE

Constructed of uni-welded chain. Galvanized steel guard rails with a powder-coated finish. Use between two decks of equal height. Deck heights: 12" - 30".

SQUIGGLE WALK BRIDGE

A quirky new must-have from us to you, this serpentine connector is bound to be a favorite among all the children frequenting your new or existing playground! Available in any of our powder-coated metal colors!

CHALLENGE BRIDGE

Constructed of durable polyethylene with a textured finish for traction. Galvanized steel frame with powder-coat finish. Use between two decks of equal height. Available for 12" to 30" deck heights.

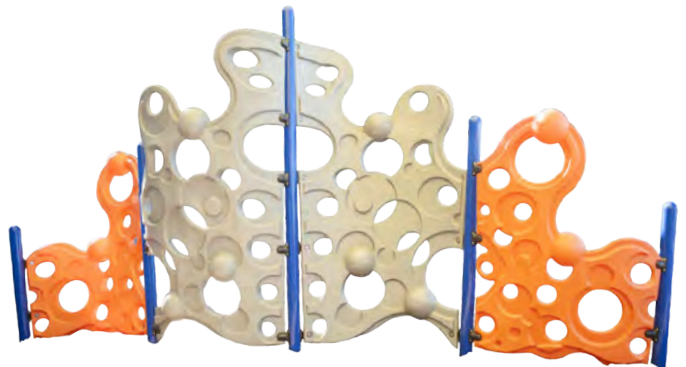

LILY PAD BRIDGE

Constructed of durable HDPE plastic with a textured finish for traction. Galvanized steel frame with a powder-coat finish. Use between two decks of equal height. Also available as ground-to-deck. Deck heights: 12" - 48".

GROUND LEVEL ARCH BRIDGE

Use this ground level arch bridge as a freestanding play event for climbing and crawling or in a trike track path.

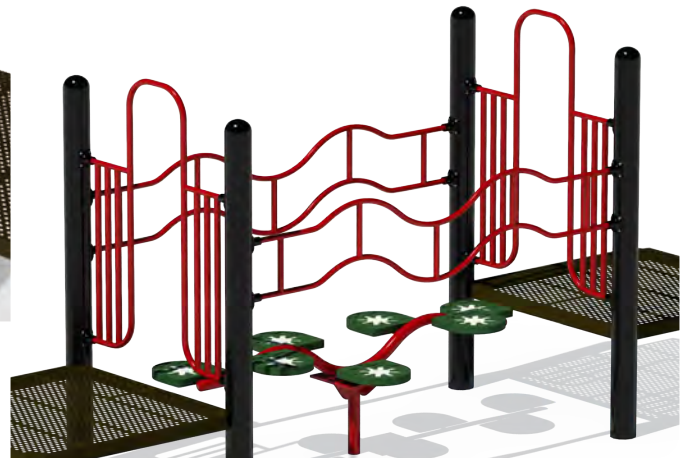

BUBBLE WALL BRIDGE

Made from durable roto-molded plastic, our bubble wall bridge is a unique new traversing deck-to-deck climbing bridge. Available in any of our plastic colors. 15.5' length. Deck heights: 12" - 48".

SUSPENSION BRIDGE

One piece bridge for durability and ease of installation. Constructed from 12 gauge hot-rolled punched steel. Galvanized steel guard rails with a powder-coat finish. Use between two equal deck heights. Deck heights: 12" - 96".

INCH WORM BRIDGE

Constructed of durable polyethylene with a textured finish for traction. Galvanized steel frame with a powder-coat finish. Use between two decks of equal height. Available for 12" deck height only. Also available as ground to deck.

STAIRS & RAMPS

All stairs are available as ground-to-deck or deck-to-deck units. Stairs are made from 12 gauge hot-rolled punched steel. Additional features include treads and stringers, perforated surface, handrails, gates and barriers, round steel tube, and powder coating. You can also make your play structure ADA accessible with an ADA Ramp or Transfer Station.

12" TRANSITION ARCH
Not ADA compliant

***ADA RAMP**
Length options: 4', 6' and 8' Can be deck-to-deck or ground-to-deck. Available with barriers or handrails.

SINGLE STEP
DECK HEIGHTS: 12" AND 16"

ADA TRANSITION STAIR
Available in 12", 16", 24" and 36" height increments.

VERTICAL PANEL LADDER
Deck heights: 24", 36", 48", 60", 72", 84" and 96".

DECK-TO-DECK STAIRS
Available in 21" and 33" increments. Also available: ADA 12", 16", 24" and 36" height increments.

GROUND-TO-DECK STAIRS
Deck heights: 24", 36", 48", 60", 72" and 96".

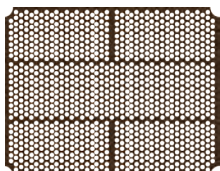

ADA TRANSFER STATION
Left or right turn. Deck heights: 36" and 48".

DECKS & ROOFS

Decks and roofs can define a play structure. Combining different deck styles can allow you to create a unique play experience. Talk to your Dealer about creating a custom structure from the decks up! Roofs are a great way to add a bit more color to your playground while providing protection for children and equipment from the harmful UV rays of the sun.

BALANCE

These events challenge children and help develop a child's agility and coordination, preparing them for future athleticism. See page 208 for color options. Dynamic balance (the ability to maintain equilibrium in motion) is a necessity for a growing child's healthy development and muscle control. Balance also challenges a child to be attentive to their surroundings. Attentiveness and a sense of equilibrium are important for a child both on and off the playground. Our balance activities offer a rigorous exercise for children of all ages. Each one of the items shown here comes with its own unique challenges. Mastering these balancing events will be the goal of every determined child.

INDOOR PLAY SYSTEMS

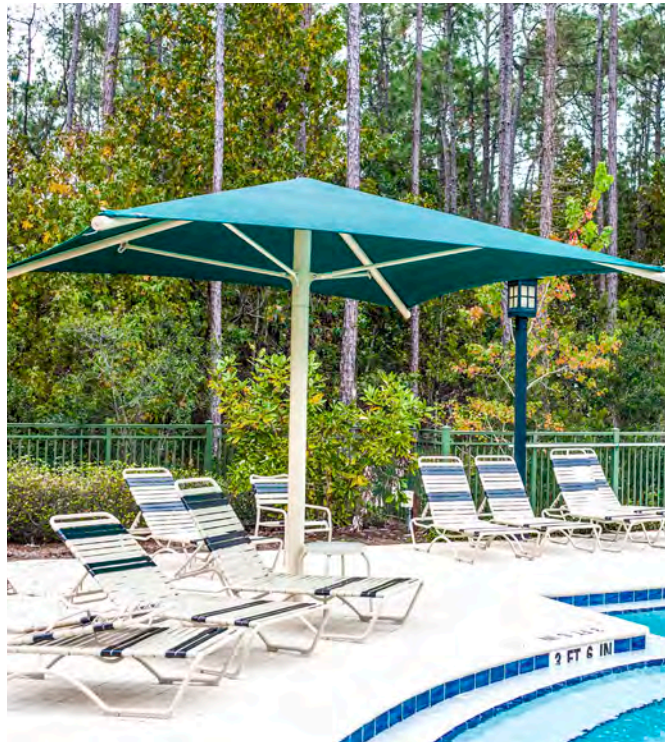

PLAYSYSTEMSPLAYGROUNDS.COM

Among our indoor play structures, you will find numerous playgrounds that provide children ages 2-12 with a secure and protective environment suitable for challenging and exploring their own capabilities. Our multi-color playgrounds are designed with imagination, technology, and safety in mind. We pride ourselves on meeting the industry's strictest safety standards. PlaySystems is prepared to design a playground that fits your needs.

SUPERIOR PRODUCTS

SRP provides Shade products for virtually every type of playground and outdoor situation—no matter the size shape or location! The management team at SRP Playgrounds has over 45 years of shade and recreation products experience, both here in the USA and abroad. We have created and installed canopies in some locations with the most sun in the world, including south Florida, Australia, the Caribbean and South Africa. Our fabrics come in a wide variety of colors and provide up to 97% protection from dangerous ultraviolet (UV) radiation, as measured by the Ultraviolet Protection Factor (UPF) rating. Our products are built to last!

Picture yourself sitting under our line of stunning commercial outdoor umbrellas that provide maximum shade with a unique look. Skyspan is innovative and stylish, yet functional; our umbrellas are designed to withstand high winds and provide excellent protection from the sun allowing you to enjoy your outdoor environment. Our seven lines of products provide ideal solutions for a variety of markets including hospitality, multi-housing facilities, country clubs, childcare facilities, and parks and recreation — just to name a few. We understand that every outdoor environment is different, which is why we offer personal accessories such as heaters, custom printing, and lighting. With our great selection of styles, colors, and personal accessories, you are sure to find the Skyspan umbrella that meets your needs and compliments your outdoor environment.

QUALITY, STANDARDS AND GUIDELINES

AMERICAN SOCIETY FOR TESTING AND MATERIALS

100 Barr Harbor Drive
West Conshohocken, PA 19428

astm.org • service@astm.org

The American Society for Testing and Materials is an independent and world renowned developer of technical standards utilized in testing a multitude of products. ASTM's F15.29 committee, chaired by Dr. Francis Wallach, met consistently for over a decade in the continual development of the F1487 Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use. The current version is F1487-07ae1, published in 2007.

IPEMA

2207 Forest Hills Drive
Harrisburg, PA 17112

www.ipema.org • office@ipema.org

In the interest of public playground safety, the International Playground Equipment Manufacturers Association (IPEMA) provides a third party certification service whereby a designated independent laboratory validates a manufacturer's certification of conformance to the ASTM F1487 (excluding section 10 and 12.6.1), Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use, standard. The use of this seal in our catalog signifies that we have received written validation from the independent laboratory that the product associated with the use of this seal conforms with the requirements of ASTM F1487. A list of validated products may be found at IPEMA's web site: www.ipema.org.

U.S. CONSUMER SAFETY PRODUCT COMMISSION

Washington, DC 20207

Handbook for Public Playground Safety: <http://www.cpsc.gov/cpsc/pub/pubs/325.pdf>

ACCESS BOARD (ADAAG)

1331 F Street NW, Suite 1000
Washington, DC 20004-1111

www.access-board.gov • info@access-board.gov

Guidance Available on Play Area Guidelines: <http://www.access-board.gov/news/playguide.htm>

Access Board (The United States Architectural and Transportation Barriers Compliance Board) has completed Accessibility Guidelines for Play Facilities as set forth in the Americans with Disabilities Act of 1990. The Final Report of the Regulatory Negotiation Committee is available via the internet.

EXCEEDING INDUSTRY STANDARDS

To ensure the safe play of your children, we offer:

- 110 years of combined playground manufacturing experience
- Quality control inspection on all parts and shipments
- In-house production of most products and made in the USA
- All products must pass inspection in our IPEMA Certified in-house testing facility
- Network of top-quality Dealers
- Local field factory trained installation technicians
- All products meet or exceed CPSC, ASTM and ADA Safety Guidelines
- On-staff NPSI Certified employees
- Quality Designed Products
- Clean, "no clamp, no clutter" Look
- Direct connect component attachment system
- Constructed from allied heavy wall galvanized steel tubing

HOW TO BUY SUPERIOR PRODUCTS

Certified Partner

SRP CERTIFIED PARTNER

Our Certified Partners have extensive knowledge and training in all Superior products. You can also expect for the installation process to be top notch. With this Certified Partner logo, you can trust that you'll be provided with the best customer service and high quality products where you can *play, relax and live.*

BUYBOARD

BuyBoard is an online purchasing cooperative that gives its customers access to thousands of items that have gone through a competitive procurement process. Members include school districts, cities, counties, universities, other governmental agencies, and non-profit organizations.

HGAC

SRP Playgrounds has been fully evaluated and approved as a supplier to HGACBuy, which is a government operated purchasing cooperative that any state and local government can use.

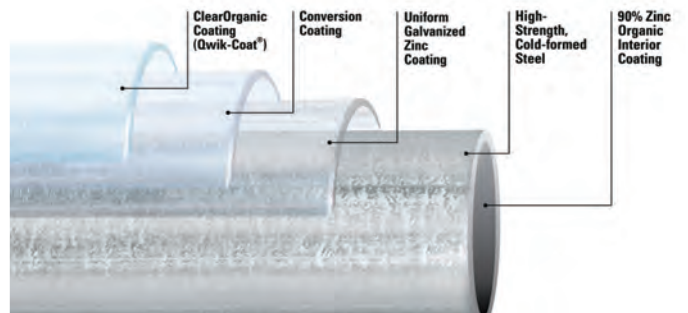

MARLIN LEASING

Marlin provides commercial equipment financing. They focus on small and mid-size businesses. Their customers include equipment dealers, manufacturers, distributors and small business establishments.

TCPN

The Cooperative Purchasing Network simplified the cooperative purchasing process as simple as possible. Grounds For Play has an agreement with TCPN. Many of SRP Playgrounds products are available via this program.

STANDARD COLOR OPTIONS

CUSTOMIZE YOUR COLORS FOR YOUR NEXT PLAY PROJECT!

Need some color inspiration? Check out our popular color schemes on page 206! The color scheme may or may not exactly match the other plastics for the Alpine Thunder Slides. If you wish to match your plastics to the Alpine Thunder Slide, just ask your dealer! Alpine Thunder Slides are available in five colors: blue, green, red, tan and yellow.

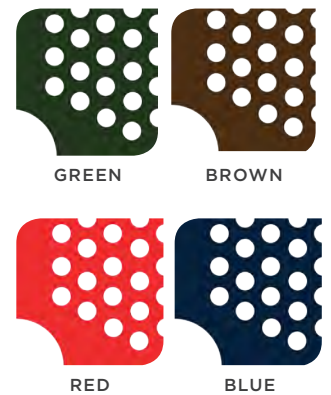

HDPE PLASTIC PANEL COLORS

ROTO-MOLDED PLASTIC COLORS

DECKS, BRIDGES, AND STAIRS

Red, blue, and green decks will take 4-6 additional weeks for delivery.

SHADE FABRIC COLORS

POWDER COATED METAL COLORS

Initially blasted to a 'white' condition to remove all surface rust and oil, our steel frames are coated electrostatically with an Epoxy TGIC Powder Coating Zinc-Rich Primer. Superior's primer has been tested salt spray tested for over 4,000 hours to insure quality. After the primer application, Superior applies the Super durable Polyester TGIC powder coating electrostatically. After the application of the final coat, a total of 6 mils of finished Powder Coating has been applied, which is backed by 5,000 hours of testing (ASTM Method B117).

SUPERIOR WARRANTY

OUR IMPROVED WARRANTY GUARANTEES YEARS OF UNLIMITED FUN!

- Lifetime* warranty on steel posts
- Lifetime* warranty on all stainless steel hardware
- Lifetime* warranty on component clamps and aluminum post caps
- 50 Year Limited warranty on recycled posts
- 15 Year Limited warranty on pipes, rungs, loops and rails
- 15 Year Limited warranty on roto-molded plastics
- 15 Year Limited warranty on HDPE plastic sheets
- 15 Year Limited warranty on punched steel and recycled decks
- 10 Year Limited warranty on Superior Shade fabric
- 5 Year Limited warranty on Webcoat site amenities
- 5 Year Limited warranty on cables and nets
- 1 Year Limited warranty on moving parts
- 3 Year Limited warranty on "The Original KidsCenter™"
- 1 Year Limited warranty on materials not covered above & water slides

*For the purpose of this warranty, lifetime encompasses no specific term of years, but rather that seller warrants to its original customer for as long as the original customer owns the product and uses the product for its intended purpose that the product and all parts will be free from defects in materials and manufacturing workmanship. This warranty does not cover damage caused by vandalism, misuse or abuse, altered or modified parts, or cosmetic damage such as scratches, dents, fading or weathering and normal wear and tear. This warranty is valid only if the structures are installed in conformity with instructions provided by Superior Recreational Products using approved Playland parts. Playland International, Inc. will deliver the repaired or replacement part or parts to the site free of charge, but will not be responsible for labor or the labor costs of replacement. Warranty claims must be filed within the applicable warranty period and accompanied by a sales order or invoice number.

LIMITED POWDER COATING WARRANTY

The Limited Warranty for Powder Coating provides for the following after a five year exposure period when applied according to the recommendations listed on the product's technical data sheet and appropriate surface preparation has been utilized.

- The coatings shall retain their original color with a ΔE of < 7.5 units for high chroma colors, (Yellows, Reds, Oranges, Etc.) and a ΔE of < 5.0 units for low chroma colors, when tested in accordance with ASTM D 2244.
- The coating shall retain a minimum of 50% of its original gloss level after washing, when tested in accordance with ASTM D 523.
- The coating shall exhibit chalking no worse than a numerical rating of 6, when evaluated in accordance with ASTM D 659-80.

TO ENSURE THE SAFE PLAY OF YOUR CHILDREN FOR YEARS TO COME, SRP PLAYGROUNDS OFFERS:

- 110 years of combined playground manufacturing experience
- Quality control inspection on all parts and shipments
- In-house production of most products and made in the USA
- All products must pass inspection in our IPEMA Certified in-house testing facility
- Network of top-quality dealers
- Local field factory trained installation technicians
- All products meet or exceed CPSC, ASTM and APA Safety Guidelines
- On-staff NPSI Certified employees
- Quality Designed Products
- Clean, "no clamp, no clutter" Look
- Direct connect component attachment system
- Constructed from allied heavy wall galvanized steel tubing. SRP Playgrounds proudly uses the highest quality galvanized steel tubing in the industry. Allied's patented Flo-Coat® process uses the triple-coat corrosion protection. This triple layer protection (zinc, conversion coating and clear organic topcoat) provides a smooth, shiny product appearance that is unmatched in terms of strength and durability and up to 25% more.
